AMENDMENT C

Commissioner of Patents and Trademarks

Washington, D.C. 20231

Sir:

In response to the outstanding office action dated February 21, 2003, kindly
amend the above referenced patent as follows:

In the Claims:

1. (NEWLY AMENDED) A mixing device for receiving water, comprising:
- a first cylindrical region that receives the water;
 - a shelf, at one end of said first cylindrical region, narrowing the diameter of
said first cylindrical region;
 - a second region that then receives the water, with a gradually narrowing
diameter permitting free and unobstructed flow of the water therein, in
communication with said first region shelf;
